	Perforation	25 yrs	20 yrs	15 yrs*
Guttering & Downpipes	Paint	20 yrs	12 yrs	10 yrs*
	Perforation	20 yrs	12 yrs	10 yrs*
Fascia	Paint	20 yrs	15 yrs	10 yrs*
	Perforation	20 yrs	15 yrs	15 yrs*

\*A warranty on MagnaFlow® product in ISO 5 is subject to prior approval by Stramit.

Refer to specific warranty information for full terms and conditions, including exclusions and minimum maintenance requirements. Buildings close to industrial areas which are exposed to corrosive chemicals may require MagnaFlow® X paint system (for added protection via PVDF paint). Visit [auswarranties.colorcote.co.nz](http://auswarranties.colorcote.co.nz) and complete the warranty enquiry form.

# MAGNAFLOW®

**A COMPLETE ROOFING, CLADDING  
AND RAINWATER SYSTEM FOR HIGH  
CORROSIVE ENVIRONMENTS**

[stramit.com.au](http://stramit.com.au)

## MAGNAFLOW® IS A COMPLETE ROOFING, CLADDING AND RAINWATER SYSTEM FOR HIGH CORROSIVE ENVIRONMENTS

MagnaFlow® sheeting is a highly durable prepainted sheet steel system. The protective metallic coating on the base steel is a new technology in accordance with AS1397 -2011. This coating provides the added durability of the MagnaFlow® product. MagnaFlow® sheeting comes with a choice of paint systems to suit individual applications.

Please enquire at your local Stramit office for the range of paint colour availability.

### RECOMMENDED END USES

MagnaFlow® paint systems have a very good colour and gloss retention and are suitable for roofing, cladding and rainwater goods. MagnaFlow® is ideal for exterior environments where corrosion levels are moderate. Where applications are in a higher risk of deterioration from corrosive elements, such as severe marine or industrial sites, then the MagnaFlow® X paint system could be a suitable option.
